

Broadband – the Next Utility

Structures and Planning

Why consider Planning ?

Where are we Now ?

Where are we Going ?

What do we Want ?

What will we Get ?

Broadband – the Next Utility

Why Consider Planning ?

- Compliance
- Risk (environmental, social, time) Reduction
- Improved Public Image

Broadband – the Next Utility

Structures and Planning

Where are we Now ?

- Commonwealth Exemptions
- Largely self-regulated
- States and Local Government widely varied and somewhat reactionary

Broadband – the Next Utility

Structures and Planning

Where are we Going ?

- Wider types of infrastructure
- Wider variety of locations

Property, Town Planning, Site Design, Project Management & Infrastructure Development

Broadband – the Next Utility

Structures and Planning

What do we Want ?

- Educated Approvals Authorities
- Efficiency
- Certainty

Broadband – the Next Utility

Structures and Planning

What will we Get ?

- Tightened regulation at some levels
- Increased community involvement
- Hopefully some consistency

Broadband – the Next Utility

Structures and Planning

What should we do ?

- Provide education to public and approvals authorities
- Lobby for uniformity of controls
- Undertake effective public involvement
- Maintain effective self regulation
